

Swap Meet and Auction Hosted by Sun Valley Fliers Saturday December 10th

SVF has had many Planes, engines and equipment donated recently. We have decided to have a swap meet immediately followed by an auction, open to the public. We have many nice 40 to 160 size planes to sell. We also have tools, Nitro and Gas motors, and field boxes. If you have any equipment you would like to donate to Sun Valley Fliers, you can bring it to the auction.

We will have hot dogs and drinks to purchase

- No Minimum
- No Reserve
- Payment after each sale
- All Auction proceeds go to SVF

The **swap meet** will start at 8 am. You should set up your tables with your items before that start time. Those wanting to sell items at the swap meet, may do so by paying a small \$10.00 (check or cash) donation for a table to display your items. I recommend bringing your own table in case we run out.

The **Auction** viewing should begin at around **9:00 am with bidding by 9:30 am**. Admission to the auction and parking are **FREE**. Everyone is welcome.

Both gas and electric aircraft will be available along with transmitters, chargers, parts, tools and RC car items and much more. A map to the field can be found on the club web site at: www.SunValleyFliers.com

Note: There will be no flying allowed during the event.
